Terri,

Thank you so much for the reply!

Attached is a letter encompassing our questions, as you requested. A hard copy will be FedEx'd to you for your records. We'd still like to do an on-camera interview so as to have the same kind of opportunity the folks at ShaleShock did with this one:

Again, we appreciate your attention to this matter.

Please understand that as a Community Involvement Coordinator, Trish serves as a liaison between community members and EPA.. She is not serving as an agency spokesperson for formal interviews with the media or for any type of video production.
